For Defender 90 + 110

PALACE Seats
Style 2, "Diamond XS Black"-Stitching

All new pair of Seats with:

- 2 x Leatherette Front Seats
- 2 x Leatherette adjustable Head Rests
- 2 x Seat Heaters integrated, for both seat backs and bases, wiring loom + dashboard switches.
- 2 x Sets of Pneumatic Lumbars at the seat backs of both seats
- 2 x Sets of Runners under this seats.

No real Genuine leather!

But a high grade OEM Automotive "Napper Leather Cloth"(Vinyl). We have chosen this Napper for its superb quality feel and looks.

The seats are ready to simply bolt in and use straight away.

This seat offers - **higher backrest** with adjustable height headrest and side impact pads. Opening out for free shoulders. **Removable seat bases** for easy access to the storage under the seats (Battery).

The **extended seat base** is much longer than the original seat of Defender:

more support under legs.

Specially high grade moulded foam for long life and great support for your body 'On Road' and 'Off Road'.

Very comfortable. Great styling.

Motor Power Tuning

	<p>Motortuning "Dofele Dynamic" Plug-in-System</p>			
<ul style="list-style-type: none"> - More Power PS - More HP / kW - More Torque / Nm - Faster Acceleration - Higher End Speed (if not regulated or at limits) - Fuel Saving possible (up to 1 Litre/100 km) 				single possible
<p>Electronical increase of power by installation of an additional Engine power Control Unit, to activate the engine reserves and for the optimization of the fuel consumption. IPQ-Prozessor (Quanti-Speed) with Multidata-Technology, is the High-End Version on the worldwide market of adaptive Power-Unit-Systeme. With controlled driving a reduction of the Petrol / Diesel consumption of up to 1 liter is possible. Plug-In-system, easy installation, the tuning kit can be shipped. If needed the tuning kit can be easily removed by driver - only plug-off. No Homologation, no TUEV approval. 2 years warranty on the "Dynamic"- power control unit.</p>				

Defender type / engine version	Serial Output	Motor Tuning approx. Power Output					
Motor Defender 2.2 TDI, Diesel - Power - Torque	122 HP 360 Nm	147 PS / HP + 40 Nm					
"Dynamic" Motor Tuning Unit specially made for Defender 2.2 TDI Diesel		HF 4229	1 piece	549,-			

"Dynamic":
Attention: The here above declared increased motor power is "approx.-data". The real increase depends on the serial basic motor and its scattering of the final individual basic power of each motor. This scattering could be significant and as result of this, the power increase could be more or less than the above offered power data.

Material:	Abbreviation						
Stainless Steel, rust free	E						
casted alloy wheels	alloy						
Steel	ST						
OEM - original car parts	OEM						
ABS plastic Thermoforming ABS-plastic	ABS						
PU -Polyurethane foam	PU						
RIM flexible PU-RIM and R-RIM plastic	RIM						

PKG - Polyester Kombination Glasfaser Combination of plastic and fibre glass	PKG						
HPC - High Performance Composite Compound Polyester material. Heat resist. CompositeCompound-material on plastic basis with fibre glass mats on the inside. Highest Quality.	HPC						
Carbon Covered Parts covered with real carbon and multiple layers of clear coat.	CB
